

## **Event Coordinator**

### **Lieutenant Colonel C M J d'Apice**

Lieutenant Colonel Crispin d'Apice is from a Devon family and spent his childhood in the County, spending many happy days exploring Dartmoor and completing the Ten Tors Challenge three times. After university he joined the Regular Army and was commissioned into the Coldstream Guards. He served in several appointments and roles and also deployed on operations to Northern Ireland, Iraq, Afghanistan and elsewhere. He was also fortunate enough to take part in numerous state ceremonial duties and to conduct military and adventurous training across the globe.

On leaving the Regular Army he moved his family back to Devon and they now live on the edge of the open moor. He also transferred to the Army Reserves and joined 6th Battalion The Rifles in Exeter, from where he was promoted to his current appointment as Staff Officer Grade 1 Ten Tors. He combines this appointment with his day job of running the MoD's Dartmoor Training Area from Okehampton Camp and when not working enjoys walking the Moor, clearing his local leat and sailing.
