

THE TEN TORS PRAYER

*"O God, who has made the earth of great beauty
and instilled in man a spirit for adventure,
we thank you for the beauty of nature
for the courage and vigour of youth
for companionship
and for the opportunity to enjoy these gifts*

*Go, we pray, with all who are setting out
on this great venture
among the tors of a unique and ancient moorland.
Grant that, by meeting each challenge and difficulty
with honest endeavour and unselfish courage
they may find a spirit of determination and
true comradeship
that will benefit themselves and those about them
both now and in the future."*

Amen
